

# EXAGE WHITE

Whitening skincare powder for your sleep.  
New regimen achieves silky, radiant skin

## How To Use

As the last step of your nighttime skincare routine

Take a generous amount with a puff and apply it by lightly pressing the puff against the skin. Whitening Powder makes you as beautiful as Sleeping Beauty while you sleep and reveals bare skin that positively glows the next morning.

As the last step of your daytime skincare routine

Take a moderate amount with a puff. Starting at areas where excess sebum is noticeable, apply by lightly pressing the puff. To finish, move the puff in circular motions

Simple and quick care for the vulnerable skin on the neck and décolletage

Take a generous amount with a puff and apply it by lightly pressing the puff against the skin. The silky, fresh texture helps keep skin feeling comfortable in summer
